*“We’ve been working with RE Kimball for a few years now and we’ve been thrilled with how easy and flexible it has been to partner with them. We use both the R.E. Kimball products as well as our own private label and customers love both equally. We love their wide variety of cranberry products to help round out our cranberry display. It makes a huge impact on our customers.”*

– Cuffy’s of Cape Cod

*“Demand for our donuts began surpassing how much jam we could make in our own kitchen. After searching, we chose R.E. Kimball to prepare the jams our guests had grown to love, using only the simplest ingredients.”*
